A MESSAGE FROM
THE PRESIDENT

Class of 2020, you’ve reached a monumental milestone in your life journey, and we applaud you. I am delighted to be able to celebrate with you today, albeit at a distance for now, and to also welcome your family and friends.

Your time at Quinnipiac has prepared you to be engaged professionals in careers of the 21st century, contributing citizens in your communities, and caring family members, friends and neighbors. Enjoy this special moment and know that we will be cheering you on and will delight in your accomplishments. My guess is that the challenges of the last few months have brought you closer, in some ways, to your classmates, faculty and staff. I hope you remain connected for the rest of your lives and deepen the many friendships formed here.

You are Bobcats for life, and you bring to others in your careers and communities the talents and compassionate qualities that we have observed during your years at Quinnipiac. We are so proud of you.

Enjoy this moment and take good care.

Warm wishes,

Judy D. Olian, PhD
President, Quinnipiac University

Conclusion

Commencement Speaker | Marta L. Tellado

As president and CEO of Consumer Reports, Marta L. Tellado leads America’s foremost consumer organization—an independent nonprofit that works with consumers to advance truth, transparency and fairness in the marketplace. She is known as a transformational leader with a talent for innovation and a distinguished portfolio of accomplishments in mission-driven organizations.

Since joining CR in Fall 2014, Tellado has transformed one of America’s most trusted brands from a subscription organization into a 6-million strong membership organization and pioneered the testing of products and apps for privacy and digital security. CR won the 2018 Webby People’s Voice Award for best magazine website and that same year, Folio Magazine named Tellado one of the year’s Top Women in Media.

Tellado came to CR following 25 years of experience in several executive roles. As vice president for global communications at the Ford Foundation, she led strategic communications and advocacy on a range of issues in the U.S. and around the world. Before that, she served as executive director of the domestic policy group at the Aspen Institute. She earned a master’s degree and PhD in political science from Yale University.
James E. Shmerling became president and CEO of Connecticut Children's Medical Center, Hartford, in October 2015. For over three decades, he has served in management roles in children's hospitals and is nationally recognized as a leader on issues concerning children's health and wellness.

Prior to his current position, Shmerling spent eight years as CEO of Children's Hospital Colorado, one of the top-ranked children's hospitals in the nation. Before that, he was executive director and CEO of the Monroe Carell Jr. Children's Hospital at Vanderbilt; senior vice president of Methodist Healthcare and president of Le Bonheur Children's Hospital; and administrator of the James Whitcomb Riley Hospital for Children, among others.

He earned a bachelor's degree in health education from the University of Tennessee, a master's degree in hospital and health administration from the University of Alabama at Birmingham, an MBA from Samford University, and his doctorate of health administration from the Medical University of South Carolina.

Shmerling is a Fellow in the American College of Health Care Executives and an adjunct faculty member in the hospital administration programs, University of Alabama at Birmingham. He is active in several national health care organizations, serving as a board member for the Children's Miracle Network Hospitals, Pediatric Health Services, and Biostage, Inc.

**Commencement Speaker | Don Desiderato ’84**

Don Desiderato is a former Fortune 100 executive and founder of Mantissa Group LLC, a strategy consulting firm serving computer information executives and their extended leadership teams. He brings deep senior technology experience to his role helping leaders with their technology strategic plans with a dual focus on leadership development and culture.

His previous experiences at multiple large organizations have resulted in a philosophy of driving business results through the creation of highly integrated business and people strategies at multiple levels. Before his current position, he was chief information officer at New York Life Insurance Company. In that role, he was responsible for core insurance, strategic insurance businesses, and agency technology. Desiderato successfully managed a large-scale technology transformation ranging from core insurance and sales platforms to the modernization of infrastructure and data environment. He also served as CIO for investment group technology at New York Life. Before that, he was a research principal at Novarica and CIO at Prudential Annuities.

Desiderato graduated from Quinnipiac University with a bachelor’s degree in computer information systems in 1984. He currently serves on the Quinnipiac University School of Business Advisory Board.
